Hey guys,

It's Kevin Bogardus with E&E News.

Myself and a colleague are working on a piece about Go BIG Media, Inc. and EPA. Go BIG Media, a Republican media firm, signed a contract with EPA last month to help produce an "end of year report" (<https://www.usaspending.gov/#/award/61802028>). I had some questions for you about this, which are:

- Did Go BIG Media, Inc. work on EPA's "EPA Year in Review 2017-2018" report (https://www.epa.gov/sites/production/files/2018-03/documents/year_in_review_3.5.18.pdf)? If so, what exactly did Go BIG Media do on the report? Editing? Graphics? Design? Please be specific as possible.
- Did EPA pay Go BIG Media for this work on the report? If so, how much? According to [USAspending.gov](https://www.usaspending.gov) data, \$0 of the contract has been obligated but Elliot Fuchs, Go BIG Media's controller, told me that EPA did pay the firm \$6,500 for its work for the agency. I wanted to check that with you to make sure it was accurate.
- How did Go BIG Media end up doing this work for EPA? Who contacted who first?
- Is Go BIG Media's work on this report required under the contract Go BIG Media signed with EPA last month for "design, graphics, production and edits of the EPA end of year report" (<https://www.usaspending.gov/#/award/61802028>)?
- The [USAspending.gov](https://www.usaspending.gov) data shows there were two offers received for this contract. Who else bid for this contract?
- Go BIG Media is a Republican media firm. The last time a Republican firm, Definers Corp., had a contract with EPA, Definers ended up losing its contract with EPA. Are you worried about a similar backlash to this contract?

Please get back to me as soon as possible. My deadline is 12:30 pm EST today but the sooner you get back to me, the more it helps my reporting. Thank you for your help.

Hi Liz & Jahan,

I'm running a story today that advances the congressional hearings at which Mr. Pruitt will testify Thursday.

The story will include and make reference to a document that I have, entitled "Hot Topics." The story will characterize this document as outlining Mr. Pruitt's potential responses to likely questions during the hearings.

Can you tell me who drafted this document? I'd also like to get a comment on whether it accurately describes answers that Mr. Pruitt has been prepped by staff to give.

I won't attach the actual document but for purposes of verifying its validity with you, this with you it begins:

HOT TOPICS

Condo

Kevin Minoli, EPA's principal deputy general counsel, in a March 30 memo determined that the rate for 30 consecutive days would have equated to a monthly rent of \$1,500. Minoli described that as “reasonable market value.” He also found it did not constitute a “prohibited gift.” I would be happy to provide that memo to your staff.

These, according to the document, are some of the other topics he is prepared to address — several of which I will make reference to in the story:

SCIF; Sweeping the office; Biometric Locks; Bullet proof vehicles and tires; Office Decoration; Netjets; G7 Trip; Staffing (Raises; Samantha Dravis; Alleged Reassignment of Staff); Sue and Settle; Super Fund Task Force; Travel; First Class Travel; Morocco; Non-Commercial Flights; Homebuilders Association Hotel; Advisory Panels (membership, grants); Definers Contract; Chlorpyrifos; Climate change strategic plan; Enforcement; Funding; DOJ Funding; emails; Environmental Justice; War on Lead; IRIS; grants process; meetings with industry; Narragansett Bay; Regulatory Task Force; Reorganizations; and VERA/ViSP.

Finally, the story will point out that, according to the preparations shown in this document, Mr. Pruitt may say that other people were responsible for the bulk of the recent spending and ethics issues like frequent first class travel, the SCIF and pay raises.

I will need a comment on this by 11 a.m, and of course if you have any other comment on Mr. Pruitt's plans for testifying before Congress tomorrow I will certainly include. I'll be out of pocket for the next hour but you can also call me on my cell after 8:30 a.m. if you'd like to speak directly.

Thanks so much,

Lisa

Many thanks, Jahan. This is a big help. I really appreciate it.

Just so we are clear, I'm going to say in my story that Go BIG Media, Inc. was contracted by EPA to help produce EPA's "EPA Year in Review 2017-2018" report (https://www.epa.gov/sites/production/files/2018-03/documents/year_in_review_3.5.18.pdf). I will also note that the document was ultimately made in-house, per your statement.

Also, I believe you are referring to Strategies 360 and the What's Upstream campaign, which I have covered in the past (<https://www.eenews.net/greenwire/stories/1060053483>). Please tell me if you are referring to a different firm.

And I have one follow-up questions, which is:

✍ Can you name the other vendor – the \$29,140 one – who bid for this contract?

Please get back to me before my deadline of 12:30 pm EST today. Thanks again for your help.

"We had two options: one vendor was \$29,140 and the other was \$6,500, but ultimately this document was made in-house. Subject: RE: EPA and Go BIG Media, Inc.

Many thanks, Jahan. This is a big help. I really appreciate it.

Just so we are clear, I'm going to say in my story that Go BIG Media, Inc. was contracted by EPA to help produce EPA's "EPA Year in Review 2017-2018" report (https://www.epa.gov/sites/production/files/2018-03/documents/year_in_review_3.5.18.pdf). I will also note that the document was ultimately made in-house, per your statement.

Also, I believe you are referring to Strategies 360 and the What's Upstream campaign, which I have covered in the past (<https://www.eenews.net/greenwire/stories/1060053483>). Please tell me if you are referring to a different firm.

And I have one follow-up questions, which is:

- Can you name the other vendor – the \$29,140 one – who bid for this contract?

Please get back to me before my deadline of 12:30 pm EST today. Thanks again for your help.

-Kevin

"We had two options: one vendor was \$29,140 and the other was \$6,500, but ultimately this document was made in-house. This pales in comparison to the previous administration that paid \$570,000 to a Democratic campaign manager's PR firm to run EPA's What's Upstream campaign." – EPA spokesman, Jahan Wilcox

Hey guys,

It's Kevin Bogardus with E&E News.

Myself and a colleague are working on a piece about Go BIG Media, Inc. and EPA. Go BIG Media, a Republican media firm, signed a contract with EPA last month to help produce an "end of year report" (<https://www.usaspending.gov/#/award/61802028>). I had some questions for you about this, which are:

- Did Go BIG Media, Inc. work on EPA's "EPA Year in Review 2017-2018" report (https://www.epa.gov/sites/production/files/2018-03/documents/year_in_review_3.5.18.pdf)? If so, what exactly did Go BIG Media do on the report? Editing? Graphics? Design? Please be specific as possible.
- Did EPA pay Go BIG Media for this work on the report? If so, how much? According to [USAspending.gov](https://www.usaspending.gov) data, \$0 of the contract has been obligated but Elliot Fuchs, Go BIG Media's controller, told me that EPA did pay the firm \$6,500 for its work for the agency. I wanted to check that with you to make sure it was accurate.
- How did Go BIG Media end up doing this work for EPA? Who contacted who first?

- Is Go BIG Media's work on this report required under the contract Go BIG Media signed with EPA last month for "design, graphics, production and edits of the EPA end of year report" (<https://www.usaspending.gov/#/award/61802028>)?
- The [USAspending.gov](https://www.usaspending.gov) data shows there were two offers received for this contract. Who else bid for this contract?
- Go BIG Media is a Republican media firm. The last time a Republican firm, Definers Corp., had a contract with EPA, Definers ended up losing its contract with EPA. Are you worried about a similar backlash to this contract?

Please get back to me as soon as possible. My deadline is 12:30 pm EST today but the sooner you get back to me, the more it helps my reporting. Thank you for your help.

Are your comments below off the record or can I quote you on any of them? You have them in quotes with your name attached. I would like to quote a couple of those answers. Also, I'm hearing that Region 9 will be facing a 10 percent personnel reduction by the end of fiscal year 2018, according to goals laid out by the EPA's Office of the Chief Financial Officer. Can you confirm this for me?

I definitely would like to tell about the actions of Congress rather than leaving the tea leaves of proposals. Can you give me some idea about what the budget passed last night means for the EPA in terms of cuts?

Peter –

Off-the-record, in regards to budget proposals would just remind you that this morning the Senate passed a two-year budget that will fund the government. Rather than leaving the tea leaves of proposals, believe your readers would like to know the action that Congress has taken, which includes passing a budget that again funds the entire government for the next two years.

- **Today, Friday, February 9, 2018, Congress Passed A Budget That Will Fund The Government For The Next Two Years.** “After a temporary lapse in government funding that lasted through the night, Congress passed a pricey two-year spending deal early Friday that will also fund the government for an additional six weeks. The

government temporarily closed after Congress failed to pass a government funding bill before a midnight deadline due to the objections of one senator, shutting down non-essential government services. In the end, a bipartisan cohort of lawmakers supported the \$400 billion agreement. Shortly after 1:30 a.m. ET, the Senate voted, 71-28, to approve a two-year spending bill that would reopen the government, and the House passed it at 5:30 a.m. with the support of 240 members. Trump tweeted Wednesday morning that he had signed the bill, officially ending the brief shutdown.” (NBC News, 02/09/18)

Additionally, **below are some on-the-record responses** to your questions. Some of these answers took a while to find and we hope that you will be able to use as much as possible.

Subject: RE: Questions about EPA morale

Thanks for getting back to me. Here are some questions and issues I'd like to have addressed:

The folks I've talked to say morale is as low as it has ever been at Region 9 and that many long time employees have been taking early retirement, buyouts or quitting as a result, mostly, in response to what they say is a de-emphasis on science and environmental protection, the core work of the EPA.

- **“From Administrator Pruitt’s focus on cleaning up toxic Superfund sites, his leadership during the government shutdown that kept the agency open and paid every employee, to EPA’s Region 9 where just 11 employees took an early retirement and nearly a quarter of the employees are working despite being eligible to retire, morale is great at EPA.”** – EPA spokesman, Jahan Wilcox

Three former employees and another current one say the office is short staffed, that Superfund sites have been prioritized, with some now on the back burner, and that the words “climate change” were scrubbed from contracts and grants, a form of censorship.

- **“Administrator Pruitt has placed a renewed focused on cleaning up toxic Superfund sites. We are reviewing every grant and 99.84 percent of all grants have been awarded.”** – EPA spokesman, Jahan Wilcox

Another complaint is that industry and business metrics have been brought in to change the culture of the office and downsize and streamline environmental regulation.

- **“Administrator Pruitt is proud to streamline regulations, which is creating regulatory certainty.”** – EPA spokesman, Jahan Wilcox

Many have told me off the record that they are scared to say anything and generally speak with each other in winks and whispers or out of the office because they fear being exposed by the consulting firm Definers Public Affairs, which they say has spent the past year investigating agency employees critical of the Trump administration and Pruitt. Is this true?

- **“No this is not accurate. Like any government agency, all EPA employees are subjected to the Freedom of Information Act (FOIA) and in terms of the FOIAs nearly all are aimed at political, not career employees.”** – EPA spokesman, Jahan Wilcox

Many are also critical of the fact that the two people considered for the administrator job both worked in the oil, gas or mining industry. Can you confirm that Ryan Flynn and Chris Paul were considered for the position. How is the search for a new administrator going and what are you looking for in the leader?

- “We don’t discuss who have been or not been interviewed for the Region 9 Administrator or any other position. The Administration is carefully considering many highly qualified candidates for Region 9 and will announce another great regional administrator soon.” – EPA spokesman, Jahan Wilcox

Subject: follow up questions on Definers Public Affairs contract

Hi folks. I have a few follow up questions on the nature of the contract with Definers I hope you can answer.

1. The contract itself notes that it was a sole-source notification, a no-bid contract. Can you explain to me why this qualified as a no-bid contract. Are they the only company that can provide this service? Unique in some way? Is there any written justification that was conducted that you can provide me?
2. You noted in an earlier response to me that in a sole-source notification a notice must be placed on federal websites to other vendors may provide proof of their ability to conduct the services. In this case, you noted, one additional vendor did so. Can you please provide the name and/or response itself of the company that responded?
3. The contract notes that Definers is self-designated as a disadvantaged business. Executives at Definers said they believe that is a clerical error and that they did not purposely claim any disadvantaged status. Can you please explain to me why the company is designated as such, how that came to be, and if any benefits were incurred to the company because of that status.

Thanks so much,
Lisa

Aaron:
We're tracking this story about the News Clippings contract with Definers Public Affairs (<https://www.eenews.net/greenwire/2017/12/15/stories/1060069191>).

The greenwire story from this afternoon says...

Grantham added, "When the government seeks to sole-source a contract, notice must be placed on FedConnect or FedBizOps so other vendors have an opportunity to provide documentation of their ability to provide the services outlined in the contract scope of work.

"In this case, one additional vendor responded with their qualifications and the media/news clips contract was awarded to Definers," she said.

Definers' contract with EPA is its first with the federal government. Pounder said the firm is looking into work with other agencies to provide clipping services.

"We have been approached by a number of federal public affairs officials who are displeased with their high-dollar clip services," Pounder said. "Today's news cycle demands more than one clipping package delivered once a day."

What we need is a copy/link to the initial solicitation for this contract – either on FedBizOps or FedConnect – wherever it was publicly posted for solicitation.

I am also seeking some clarification on what the EPA spokesperson (Grantham) meant by saying that "one additional vendor responded...". That statement seems to imply that Definers was not the only company that responded to the solicitation. Was the other company Bulletin Intelligence, LLC, which we believe held this contract just prior to Definers? Where there other responding companies to the solicitation, and if so, can you name them?

We may have further questions on this as we learn more about what happened here.

Thanks in advance.

The EPA Hired a Major Republican Opposition Research Firm to Track Press Activity

It promises “war room” style media monitoring.

Rebecca Leber, Andy Kroll and Russ Choma Dec. 15, 2017 6:00 AM

Using taxpayer dollars, the Environmental Protection Agency has hired a cutting-edge Republican PR firm that specializes in digging up opposition research to help Administrator Scott Pruitt’s office track and shape press coverage of the agency.

According to federal contracting records, earlier this month Pruitt’s office inked a no-bid \$120,000 contract with Definers Corp., a Virginia-based public relations firm founded by Matt Rhoades, who managed Mitt Romney’s 2012 presidential campaign. Following Romney’s defeat, Rhoades established America Rising, an ostensibly independent political action committee that works closely with the Republican National Committee and Republican candidates to mine damning information on opponents. Other higher-ups at Definers include former RNC research director Joe Pounder, who’s been described as “a master of opposition research,” and senior vice president Colin Reed, an oppo-research guru billed as “among the leaders of the war on [Sen. Elizabeth] Warren.”

This for-profit consulting firm offers a variety of public relations services such as digital strategy, political

consulting, and media relations. According to its website, Definers' clients include Fortune 500 corporations, political groups, and nonprofits. In the past, both Marco Rubio and John McCain used their services, and since the 2016 election so has Rep. Diane Black (R-Tenn.). The client list for America Rising includes the RNC, Republican candidates, such as Sen. Pat Toomey (R-Penn.), and super-PACs such as the Mitch McConnell-linked Senate Leadership Fund and Karl Rove's American Crossroads.

The company also specializes in using the press and social media to "validate your narrative." According to the company's website, one of the tools to help do this is its "Definers Console" media-tracking technology. Reed said his firm contracted with Pruitt's office at the EPA, which is the first governmental client to pay for the Definers Console. The technology promises "war room" style media monitoring, analysis and advice, according to marketing materials. A brochure for the Console assures users that they will be able to "monitor for potential crises, as well as to track their message dissemination, relevant responses to their messaging, and what competitors' actions have been."

Besides monitoring media, users will get analysis and input from their employees whose experience in political campaigns and the business world helps create a unique approach "to intelligence gathering and opposition work. This experience informs the way we gather, synthesize, and disseminate information."

"Definers has been contracted to provide media monitoring services through our Console by the EPA," Reed says. "We provide the same service to a number of corporate and non-profit organizations."

In response to *Mother Jones*' questions about the Definers contract, EPA spokesperson Nancy Grantham said, "The Definers contract is for media monitoring/newsclip compilation." To a question on how the contract came about, she said: "The contract award was handled through the EPA Office of Acquisition Management."

USASpending.gov, a website that tracks federal spending, shows that in early 2016 the EPA signed a \$207,000 contract with a firm called Bulletin Intelligence, requesting similar services. Bulletin is owned by public relations giant Cision, a well-known international PR firm. According to OpenSecrets.org's expenditure data, Bulletin is not political and has not done any recent work for any candidates or PACs. The contract expired in February.

Definers also recently launched a new venture with the global law firm Dentons, which describes itself as combining "political intelligence, legal advisors, campaign-style tactics, lobbying, governmental affairs, research, and communications into one unique offering" to help clients.

The career of at least one of Pruitt's staffers has overlapped with the Republican operatives at Definers. Jahan Wilcox, who previously worked for Marco Rubio's presidential campaign and in rapid response for the Republican National Committee, is now a spokesperson for the EPA.

Wilcox, along with other political staff in Pruitt's EPA press shop, has had some contentious interactions with the press. In one case, when Eric Lipton from *The New York Times* was confirming facts for an investigation into the EPA's industry-friendly approach to chemical regulation, EPA spokesperson Liz Bowman diverted the discussion to other outlets' reporting rather than confirming his questions. Wilcox added, "If you want to steal work from other outlets and pretend like it's your own reporting that is your decision."

On another occasion, shortly after the *Associated Press* reported on the Superfund sites affected by Hurricane Harvey, the EPA went after one of the bylined reporters in a statement, and an unnamed official later admitted to removing one of the bylined AP reporters from the agency's press list, saying, "We don't think he's a trustworthy reporter." When Pruitt has faced criticism, the EPA highlights friendlier stories from conservative outlets—including *Breitbart*.

Pruitt has come under fire for a general lack of transparency at the EPA. The latest example is his trip promoting natural gas in Morocco. The public learned of his travels when his office posted a media release, causing confusion over why the EPA would not notify reporters ahead of time. This means that information on Pruitt's activities in Morocco will be restricted to the EPA's own spin.

The EPA's work with groups affiliated with Pounder predate this contract. On a handful of occasions, the

EPA has promoted positive coverage of Pruitt's actions from the news-aggregation website Need To Know Network. Earlier this year, the website wrote a series of stories designed shed positive light on the controversial administrator. In one story, the site describes Pruitt as "busy racking up accomplishments that both protect Americans and save millions in taxpayer dollars." Another congratulated Pruitt for moving ahead with plans to open Alaska's Bristol Bay to mining, writing it was "a move that will prove to be a massive job creator for President Trump and Pruitt."

The Need to Know Network was started by Pounder and other operatives connected to America Rising and Definers Corp.

Can you comment on Jahan Wilcox's connections to the staff at Definers, and if he or any other staff played a role in facilitating the contract?

Subject: GOP firm ends controversial media monitoring contract with EPA

By Emily Holden

The Republican media monitoring firm Definers Public Affairs canceled its \$120,000 contract with EPA following a media backlash because of the company's links to GOP opposition research firm America Rising.

Earlier this year, America Rising filed several Freedom Of Information Act requests for communications from EPA career staffers who had been critical of Administrator Scott Pruitt or President Donald Trump. That included email sent by John O'Grady, a top union official at the EPA, that "mentions or refers to President Trump."

News reports about the two efforts to monitor news coverage about the agency and dig up information about dissenting staffers stirred new accusations that Pruitt is fostering an atmosphere of paranoia and distrust at EPA.

Definers described the decision to end the contract as mutual, although EPA spokesman Jahan Wilcox would not say whether the agency or company initiated the cancellation.

Definers President Joe Pounder said in a written statement that previous administrations paid for more for slower services, but "it's become clear this will become a distraction. As a result, Definers and the EPA have decided to forgo the contract." He added that the firm will not offer its services to any other federal agencies.

Mother Jones first reported on the contract, and The New York Times documented the ties between Definers and America Rising, which was also started by Pounder.

Subject: Request for comment on hearings

Hi Liz & Jahan,

I'm running a story today that advances the congressional hearings at which Mr. Pruitt will testify Thursday.

The story will include and make reference to a document that I have, entitled "Hot Topics." The story will characterize this document as outlining Mr. Pruitt's potential responses to likely questions during the hearings.

Can you tell me who drafted this document? I'd also like to get a comment on whether it accurately describes answers that Mr. Pruitt has been prepped by staff to give.

I won't attach the actual document but for purposes of verifying its validity with you, this with you it begins:

HOT TOPICS

Condo
Kevin Minoli, EPA's principal deputy general counsel, in a March 30 memo determined that the rate for 30 consecutive days would have equated to a monthly rent of\$1,500. Minoli described that as “ reasonable market value.” He also found it did not constitute a “prohibited gift.” I would be happy to provide that memo to your staff.

These, according to the document, are some of the other topics he is prepared to address — several of which I will make reference to in the story:

SCIF; Sweeping the office; Biometric Locks; Bullet proof vehicles and tires; Office Decoration; Netjets; G7 Trip; Staffing (Raises; Samantha Dravis; Alleged Reassignment of Staff); Sue and Settle; Super Fund Task Force; Travel; First Class Travel; Morocco; Non-Commercial Flights; Homebuilders Association Hotel; Advisory Panels (membership, grants); Definers Contract; Chlorpyrifos; Climate change strategic plan; Enforcement; Funding; DOJ Funding; emails; Environmental Justice; War on Lead; IRIS; grants process; meetings with industry; Narragansett Bay; Regulatory Task Force; Reorganizations; and VERA/ViSP.

Finally, the story will point out that, according to the preparations shown in this document, Mr. Pruitt may say that other people were responsible for the bulk of the recent spending and ethics issues like frequent first class travel, the SCIF and pay raises.

I will need a comment on this by 11 a.m, and of course if you have any other comment on Mr. Pruitt's plans for testifying before Congress tomorrow I will certainly include. I'll be out of pocket for the next hour but you can also call me on my cell after 8:30 a.m. if you'd like to speak directly.

Thanks so much,

Lisa

Critics have suggested the EPA chief would be hesitant to take on the pair of Fortune 500 companies financially responsible for the expensive cleanup. But today Pruitt emphatically pledged the full authority of his agency to force an effective cleanup.

Donna and Nancy –

The OGC attorney handling the subject appeal needs to provide a timeline (by tomorrow) for when we will be able to release the responsive documents to FOIA -HQ-2018-003680. Specific information about the FOIA is below.

I believe that this request will be completed and ready for production and release by COB April 23rd. We could possibly meet an earlier date, if needed. Please advise.

The responsive documents would also fulfill (partial or in full) other similar FOIAs.

Subject: RE: Questions about EPA morale

Are your comments below off the record or can I quote you on any of them? You have them in quotes with your name attached. I would like to quote a couple of those answers. Also, I'm hearing that Region 9 will be facing a 10 percent personnel reduction by the end of fiscal year 2018, according to goals laid out by the EPA's Office of the Chief Financial Officer. Can you confirm this for me?

I definitely would like to tell about the actions of Congress rather than leaving the tea leaves of proposals. Can you give me some idea about what the budget passed last night means for the EPA in terms of cuts?

Peter –

Off-the-record, in regards to budget proposals would just remind you that this morning the Senate passed a two-year budget that will fund the government. Rather than leaving the tea leaves of proposals, believe your readers would like to know the action that Congress has taken, which includes passing a budget that again funds the entire government for the next two years.

- **Today, Friday, February 9, 2018, Congress Passed A Budget That Will Fund The Government For The Next Two Years.** “After a temporary lapse in government funding that lasted through the night, Congress passed a pricey two-year spending deal early Friday that will also fund the government for an additional six weeks. The government temporarily closed after Congress failed to pass a government funding bill before a midnight deadline

due to the objections of one senator, shutting down non-essential government services. In the end, a bipartisan cohort of lawmakers supported the \$400 billion agreement. Shortly after 1:30 a.m. ET, the Senate voted, 71-28, to approve a two-year spending bill that would reopen the government, and the House passed it at 5:30 a.m. with the support of 240 members. Trump tweeted Wednesday morning that he had signed the bill, officially ending the brief shutdown.” (NBC News, 02/09/18)

Additionally, **below are some on-the-record responses** to your questions. Some of these answers took a while to find and we hope that you will be able to use as much as possible.

Subject: RE: Questions about EPA morale

Thanks for getting back to me. Here are some questions and issues I'd like to have addressed:

The folks I've talked to say morale is as low as it has ever been at Region 9 and that many long time employees have been taking early retirement, buyouts or quitting as a result, mostly, in response to what they say is a de-emphasis on science and environmental protection, the core work of the EPA.

- **“From Administrator Pruitt’s focus on cleaning up toxic Superfund sites, his leadership during the government shutdown that kept the agency open and paid every employee, to EPA’s Region 9 where just 11 employees took an early retirement and nearly a quarter of the employees are working despite being eligible to retire, morale is great at EPA.”** – EPA spokesman, Jahan Wilcox

Three former employees and another current one say the office is short staffed, that Superfund sites have been prioritized, with some now on the back burner, and that the words “climate change” were scrubbed from contracts and grants, a form of censorship.

- **“Administrator Pruitt has placed a renewed focused on cleaning up toxic Superfund sites. We are reviewing every grant and 99.84 percent of all grants have been awarded.”** – EPA spokesman, Jahan Wilcox

Another complaint is that industry and business metrics have been brought in to change the culture of the office and downsize and streamline environmental regulation.

- **“Administrator Pruitt is proud to streamline regulations, which is creating regulatory certainty.”** – EPA spokesman, Jahan Wilcox

Many have told me off the record that they are scared to say anything and generally speak with each other in winks and whispers or out of the office because they fear being exposed by the consulting firm Definers Public Affairs, which they say has spent the past year investigating agency employees critical of the Trump administration and Pruitt. Is this true?

- **“No this is not accurate. Like any government agency, all EPA employees are subjected to the Freedom of Information Act (FOIA) and in terms of the FOIAs nearly all are aimed at political, not career employees.”** – EPA spokesman, Jahan Wilcox

Many are also critical of the fact that the two people considered for the administrator job both worked in the oil, gas or mining industry. Can you confirm that Ryan Flynn and Chris Paul were considered for the position. How is the search for a new administrator going and what are you looking for in the leader?

- **“We don’t discuss who have been or not been interviewed for the Region 9 Administrator or any other**

position. The Administration is carefully considering many highly qualified candidates for Region 9 and will announce another great regional administrator soon.” – EPA spokesman, Jahan Wilcox

Subject: Request for comment on hearings

Hi Liz & Jahan,

I'm running a story today that advances the congressional hearings at which Mr. Pruitt will testify Thursday.

The story will include and make reference to a document that I have, entitled "Hot Topics." The story will characterize this document as outlining Mr. Pruitt's potential responses to likely questions during the hearings.

Can you tell me who drafted this document? I'd also like to get a comment on whether it accurately describes answers that Mr. Pruitt has been prepped by staff to give.

I won't attach the actual document but for purposes of verifying its validity with you, this with you it begins:

HOT TOPICS

Condo

Kevin Minoli, EPA's principal deputy general counsel, in a March 30 memo determined that the rate for 30 consecutive days would have equated to a monthly rent of \$1,500. Minoli described that as "reasonable market value." He also found it did not constitute a "prohibited gift." I would be happy to provide that memo to your staff.

These, according to the document, are some of the other topics he is prepared to address — several of which I will make reference to in the story:

SCIF; Sweeping the office; Biometric Locks; Bullet proof vehicles and tires; Office Decoration; Netjets; G7 Trip; Staffing (Raises; Samantha Dravis; Alleged Reassignment of Staff); Sue and Settle; Super Fund Task Force; Travel; First Class Travel; Morocco; Non-Commercial Flights; Homebuilders Association Hotel; Advisory Panels (membership, grants); Definers Contract; Chlorpyrifos; Climate change strategic plan; Enforcement; Funding; DOJ Funding; emails; Environmental Justice; War on Lead; IRIS; grants process; meetings with industry; Narragansett Bay; Regulatory Task Force; Reorganizations; and VERA/ViSP.

Finally, the story will point out that, according to the preparations shown in this document, Mr. Pruitt may say that other people were responsible for the bulk of the recent spending and ethics issues like frequent first class travel, the SCIF and pay raises.

I will need a comment on this by 11 a.m, and of course if you have any other comment on Mr. Pruitt's plans for testifying before Congress tomorrow I will certainly include. I'll be out of pocket for the next hour but you can also call me on my cell after 8:30 a.m. if you'd like to speak directly.

Thanks so much,

Lisa

Hi, Rayna,

I received another FOIA request asking for additional documents related to the Definers procurement. **FOIA Request**

EPA-HQ-2018-002788 is asking for a copy of all modifications, which would include the modification to terminate the contract.

The FOIA requester also wants a copy of all email messages by any EPA and/or OAM manager/employee who performed some work on this procurement. **Deliberative Process / Ex. 5**

Hello Julia,

Thank you for your prompt response and returning the signed subject modification. In terms of additional steps necessary to officially end the process will involve whether or not Definers Corp wants to assert its rights under FAR 52.212-4 (l) terms and conditions—see an excerpt of the applicable clause language below. If Definers Corp is seeking, as a matter of its right, the payment of money arising under or relating to this purchase order and termination, then please submit in writing to me as

the Contracting Officer with a level of detail consistent with the FAR 52.212-4 and sufficient for a Contracting Officer to determine that the costs were fair, reasonable, allowable, allocable and the facts justify the requested recovery of costs in a termination settlement (e.g. demonstrates that all reasonable steps were taken to minimize the incurrence of costs allocable to the work covered by the order). A final bilateral modification will be issued to definitize this aspect of the termination even if Definers Corp indicates that no costs will be claimed under the order and/or pursuant to the termination.

Please notify me of Definer Corp's intent regarding this matter and the Government will act accordingly. Please let me know if you have any additional questions. Thank you kindly and have a great day!

FAR 52.212-4 Contract Terms and Conditions—Commercial Items.

(I) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, **the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination.** The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. **The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.**

Hello Julia,

Thank you for your prompt response and returning the signed subject modification. In terms of additional steps necessary to

officially end the process will involve whether or not Definers Corp wants to assert its rights under FAR 52.212-4 (I) terms and conditions—see an excerpt of the applicable clause language below. If Definers Corp is seeking, as a matter of its right, the payment of money arising under or relating to this purchase order and termination, then please submit in writing to me as the Contracting Officer with a level of detail consistent with the FAR 52.212-4 and sufficient for a Contracting Officer to determine that the costs were fair, reasonable, allowable, allocable and the facts justify the requested recovery of costs in a termination settlement (e.g. demonstrates that all reasonable steps were taken to minimize the incurrence of costs allocable to the work covered by the order). A final bilateral modification will be issued to definitize this aspect of the termination even if Definers Corp indicates that no costs will be claimed under the order and/or pursuant to the termination.

Please notify me of Definer Corp's intent regarding this matter and the Government will act accordingly. Please let me know if you have any additional questions. Thank you kindly and have a great day!

FAR 52.212-4 Contract Terms and Conditions—Commercial Items.

(I) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, **the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination.** The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. **The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.**

Ms. Plater,

As per our phone conversation this morning, the subject line of this email chain references the Sole Source Notice, and below is my correspondance to Ms. Dews in relation to the Notice attempting to understand further information and details related.

We believe we may be an alternative source as our core competencies include “Media Support / News Analysis” but we are unsure as to the specific Scope of Work as no further information was posted, and therefore would need further detail than what is currently posted on FedConnect to properly evaluate.

Thank you,
Ben

Good Morning.

I called and left a voicemail on Friday to follow up my below email, and also called OARM and OAM main lines to see if I had the right number.

I have not yet received a response on the below, so wanted to confirm you had seen my note proposing Meltwater as an Alternative Source? Also, can you kindly send over the requested information below?

Thank you so much and please don't hesitate to call me with any questions.

Ms. Dews,

Hope you are well. My name is Ben Kessler, I'm the Head of Government Solutions at the Media Intelligence firm, Meltwater.

I was notified of the subject-referenced Sole Source Notice to award a contract to Definers Corp and wanted to reach out.

I am trying to find more information on FBO and/or FedConnect related to the requirements and Sole Source Justification but cannot find anything.

Meltwater is a Media Intelligence and News Analysis company, so we believe we may be able to support this requirement as an alternative source and that the Government should therefore compete this requirement.

That said, I do not have enough information from what was made publically available via FBO and/or FedConnect.

Could you kindly send me over the following:

- SOW / PWS that is being supported by this contract
- Sole Source Justification
- Intended Contract Award Amount
- Any other information pertinent towards what you need to see from Meltwater should we choose to prove ourselves as a Potential Source for this requirement

Thanks for your prompt response to this matter, and please do not hesitate to call me with any questions!

Best,
Ben

Unfortunately I have a standing 8:30 meeting with the acting deputy administrator every morning – would 1 or 2 p.m. today work for you and jody?

Hi – we have not heard back on this – so are assuming that donna has in fact received what she needs from the vendor – and that if we do not have other vendors who reply to the notice, we will be able to proceed with awarding the contract.

Please let me know the date the 5 day posting expires.

Thanks ng

Nancy,

Donna should already have received either an updated quote or a quote that reflects the revised SOW and that would be good for 30 or 60 days.

Donna can you verify if you have received the information from the vendor? Thanks, Jody

Right .. I thought they needed to submit a formal quote so wanted to make sure they knew they needed to do within the 5 days.

If that is not the case, that is fine.

Hello Donna

I hope you are doing well. Yesterday during your absence, Celia was seeking additional information in order to respond to some questions from Donna Vizian. Therefore, please stop by Celia to offer your assistance this morning and make sure she doesn't need anything else as you were the constant in the equation. This is a collective effort so go to Celia with the Team Lead or a warranted CO. This is a top priority. Celia has the Definers, Inc.

Thanks and have a great day!

5. Describe how the contractor's unique qualifications or the nature of the acquisition requires use of the authority cited:

Definers offers a customizable and proprietary Console which brings together cutting-edge technology and human analysis to provide real-time actionable intelligence based on the most relevant information. It allows organizations to have a holistic view of what is occurring in the public domain with regards to their organization and relevant sectors, both domestically and globally.

Through the Console, Definers is able to revolutionize the utilization of media clips by implementing:

- Proprietary advanced search functions
- Standalone media clip database including perpetual retention so that information is always available regardless of email retention policies or other limitations of email platforms
- Ability to pre-load a customized Console with the issues, public figures, and news data relevant to customers, populated in real time
- Specially trained and experienced researchers to provide relevant and actionable analysis
- Digital and human analytics coverage throughout the day
- Media tags that are tailored to the customer's areas of interests, which allow for quick sorting and tracking of customized data streams.
- Delivered through a proprietary web interface which allows for email distribution as well.

6. **Describe the efforts made to ensure that offers are solicited from as many potential sources as practicable:**

A JOFOC and RFI notice will be posted on FedBizOpps (synopsized) and FedConnect for five calendar days.

Deliberative Process / Ex. 5

8. **Description of the market research conducted (see FAR Part 10). If no market research was conducted, state the reasons:**

Leading providers Cision (www.cision.com), Bulletin Intelligence (www.bulletinintelligence.com), and Critical Mention (www.criticalmention.com) do not provide the combined services sought by EPA's Office of Public Affairs.

9. **Other facts supporting the use of other than full and open competition.**

Definers Corp. states that no other service gives their clients the high level and comprehensive search functions that it offers through its customized Console. Clients have the ability to tailor their tags and tailor who from their teams sees those tags. The storage and search functions of the Console are something no other clip service provides because they do not have the Definers proprietary Console.

Hi Brian,

Attached is a worksheet that includes a large portion of OPA’s outstanding correspondence. Per our discussion a few weeks ago, we’ve grouped the responses under tabs which match the names of the letter that those people (control numbers) should receive. I’ve also listed those below. The accompanying letters are attached and have all been approved by Nancy. They use the most recent version of the Standard General letter, and the new language in each has been highlighted. The new language in each has been previously used publicly, either in a media response or in Congressional QFRs.

Please let us know if you have any questions. We can also separate out the spreadsheet and accompanying letters into separate emails if that’s helpful.

Thanks,
Maggie

**DETERMINATION TO SOLICIT FROM A SINGLE SOURCE
SIMPLIFIED ACQUISITION PROCEDURES**

1. FAR 13.106-1(b) states that contracting officers may solicit from one source if the contracting officer determines that the circumstances of the contract action deem only one source to be reasonably available.

2. I determine only one source to be reasonably available based one of the following circumstances as set forth in FAR 6.302:

- ☒ Only one responsible source and no other supplies or services will satisfy Agency requirements
- ☐ Unusual and compelling urgency
- ☐ Industrial mobilization; engineering, development or research capability; or expert services
- ☐ International agreement
- ☐ Authorized or required by statute
- ☐ National security
- ☐ Public interest

3. Brief description of the reason for your determination:

Deliberative Process / Ex. 5

Definers satisfies the subject requirement for, The U.S. Environmental Protection Office of Administrator and Executive Services (OA) in public affairs request. The EPA team can be automatically notified that allows the Office of Administrator extensive media monitoring with a product that is an aggressive style of campaign-style delivery of real time coverage of stories, broadcasts and articles from major outlets. The provider Definers, is the only responsible source that will satisfy Agency requirements and no other supplies or services will satisfactorily meet the requirement.

4.. This determination satisfies the requirements of FAR 13.106-1(b) & FAR 13.106-3(b)(3)(i). The requirement to prepare a written justification in accordance with FAR 6.303 does not apply to purchases using simplified acquisition procedures.

If there are other unique documents in this group of 13, I will provide them. For example, some of the other FOIAs also include email searches that are not complete.

Donna and Nancy –

The OGC attorney handling the subject appeal needs to provide a timeline (by tomorrow) for when we will be able to release the responsive documents to FOIA -HQ-2018-003680. Specific information about the FOIA is below.

I believe that this request will be completed and ready for production and release by COB April 23rd. We could possibly meet an earlier date, if needed. Please advise.

The responsive documents would also fulfill (partial or in full) other similar FOIAs.

**DETERMINATION TO SOLICIT FROM A SINGLE SOURCE
SIMPLIFIED ACQUISITION PROCEDURES**

1. FAR 13.106-1(b) states that contracting officers may solicit from one source if the contracting officer determines that the circumstances of the contract action deem only one source to be reasonably available.

2. I determine only one source to be reasonably available based one of the following circumstances as set forth in FAR 6.302:

- ☒ Only one responsible source and no other supplies or services will satisfy Agency requirements
- ☐ Unusual and compelling urgency
- ☐ Industrial mobilization; engineering, development or research capability; or expert services
- ☐ International agreement
- ☐ Authorized or required by statute
- ☐ National security
- ☐ Public interest

3. Brief description of the reason for your determination:

Deliberative Process / Ex. 5

Definers satisfies the subject requirement for, The U.S. Environmental Protection Office of Administrator and Executive Services (OA) in public affairs request. The EPA team can be automatically notified that allows the Office of Administrator extensive media monitoring with a product that is an aggressive style of campaign-style delivery of real time coverage of stories, broadcasts and articles from major outlets. The provider Definers, is the only responsible source that will satisfy Agency requirements and no other supplies or services will satisfactorily meet the requirement.

4.. This determination satisfies the requirements of FAR 13.106-1(b) & FAR 13.106-3(b)(3)(i). The requirement to prepare a written justification in accordance with FAR 6.303 does not apply to purchases using simplified acquisition procedures.

Definers Corp. states that no other service gives their clients the high level and comprehensive search functions that it offers through its customized Console. Clients have the ability to tailor their tags and tailor who from their teams sees those tags. The storage and search functions of the Console are something no other clip service provides because they do not have the Definers proprietary Console.

**DETERMINATION TO SOLICIT FROM A SINGLE SOURCE
SIMPLIFIED ACQUISITION PROCEDURES**

1. FAR 13.106-1(b) states that contracting officers may solicit from one source if the contracting officer determines that the circumstances of the contract action deem only one source to be reasonably available.

2. I determine only one source to be reasonably available based one of the following circumstances as set forth in FAR 6.302:

- ☒ Only one responsible source and no other supplies or services will satisfy Agency requirements
- ☐ Unusual and compelling urgency
- ☐ Industrial mobilization; engineering, development or research capability; or expert services
- ☐ International agreement
- ☐ Authorized or required by statute
- ☐ National security
- ☐ Public interest

3. Brief description of the reason for your determination:

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Definers satisfies the subject requirement for, The U.S. Environmental Protection Office of Administrator and Executive Services (OA) in public affairs request. The EPA team can be automatically notified that allows the Office of Administrator extensive media monitoring with a product that is an aggressive style of campaign-style delivery of real time coverage of stories, broadcasts and articles from major outlets. The provider Definers, is the only responsible source that will satisfy Agency requirements and no other supplies or services will satisfactorily meet the requirement.

4.. This determination satisfies the requirements of FAR 13.106-1(b) & FAR 13.106-3(b)(3)(i). The requirement to prepare a written justification in accordance with FAR 6.303 does not apply to purchases using simplified acquisition procedures.

I guess it comes down to how the requests are defined, as Simple or Complex
I was just struck as I looked at the responses how quickly they happened.
But I guess one could argue that they were "simple" requests and so they were processed quickly

Subject: Request for comment on hearings

Hi Liz & Jahan,

I'm running a story today that advances the congressional hearings at which Mr. Pruitt will testify Thursday.

The story will include and make reference to a document that I have, entitled "Hot Topics." The story will characterize this document as outlining Mr. Pruitt's potential responses to likely questions during the hearings.

Can you tell me who drafted this document? I'd also like to get a comment on whether it accurately describes answers that Mr. Pruitt has been prepped by staff to give.

I won't attach the actual document but for purposes of verifying its validity with you, this with you it begins:

HOT TOPICS

Condo
Kevin Minoli, EPA's principal deputy general counsel, in a March 30 memo determined that the rate for 30 consecutive days would have equated to a monthly rent of \$1,500. Minoli described that as "reasonable market value." He also found it did not constitute a "prohibited gift." I would be happy to provide that memo to your staff.

These, according to the document, are some of the other topics he is prepared to address — several of which I will make reference to in the story:

SCIF; Sweeping the office; Biometric Locks; Bullet proof vehicles and tires; Office Decoration; Netjets; G7 Trip; Staffing (Raises; Samantha Dravis; Alleged Reassignment of Staff); Sue and Settle; Super Fund Task Force; Travel; First Class Travel; Morocco; Non-Commercial Flights; Homebuilders Association Hotel; Advisory Panels (membership, grants); Definers Contract; Chlorpyrifos; Climate change strategic plan; Enforcement; Funding; DOJ Funding; emails; Environmental Justice; War on Lead; IRIS; grants process; meetings with industry; Narragansett Bay; Regulatory Task Force; Reorganizations; and VERA/ViSP.

Finally, the story will point out that, according to the preparations shown in this document, Mr. Pruitt may say that other people were responsible for the bulk of the recent spending and ethics issues like frequent first class travel, the SCIF and pay raises.

I will need a comment on this by 11 a.m, and of course if you have any other comment on Mr. Pruitt's plans for testifying before Congress tomorrow I will certainly include. I'll be out of pocket for the next hour but you can also call me on my cell after 8:30 a.m. if you'd like to speak directly.

Thanks so much,

Lisa

HI –

Working with contracts on this – here is the remaining issue that the contracting officer brought to me yesterday --

Specifically, the vendor is not registered in the System for Award Management (SAM). In order for any vendor to receive a contract from the federal government, they must be registered in this system. The vendor seems to be reluctant to register.

George had been working with the vendor on this. I have a call into the vendor as they may need assistance in completing the forms.

Will update you as soon as I hear from the vendor.
